SAFEGUARD™ FROM ABUSE
Child Abuse Awareness Training and Certification

With the safety of our campers in mind, we utilize the training processes from the *Safeguard from Abuse* program. Each of our staff, including Camp Counselors must complete the training and adhere to strict guidelines. We require two adult counselors per cabin and 1/8 counselor/camper ratio. Birth gender requirements are adhered to in our dorms and restrooms.

Midwest Bible Camp

Our Purpose: The Midwest Bible Camp and Conference Center is to provide an interdenominational, Christian environment of biblical teaching and recreational activities which instill godly values and characters within children, youth, and families. Our facilities are available for family and group celebrations, special events, and outreaches which would serve as betterment for our community and surrounding area. Our programs exist to present the Good News about the wonderful grace of God; make available the means for individuals to experience such grace through acceptance of salvation that comes through faith in Jesus Christ; and provide a positive experience with others of like faith so that they may become mature disciples of Jesus.
